Hello to everyone and Welcome to KMC!

First I must apologize for my lack of information these past few weeks. My only excuse is a lame one, but I have been simply brain fried when I had the opportunity to sit at a computer.

So if you have not learned yet **Dance Starts on September 12th!** I know it is normal to start right after Labor Day and that will be the case next year.

Sooooo much has happened! First my hard drive died this summer, so I am working...sorta...on a new newsletter format so for now you will get emails not colorfully put together. But I hope to have this fixed by October. We are now in our temporary studio located in the back of old castaways. We are sharing the building with the Democratic party. Our entrance is off of Mimosa Street. If you get confused you can come in the old entrance and walk through the red curtain.

The building structure is now going up!!! We will be in our new studio by the end of the year!! Holy Cow still hard to believe. The new address is 1340 S Young St. Please swing by and get acquainted with our soon to be permanent home =)

I have started getting dates together for the year and will have your year calendar out in October. A few things will be different, I am not doing parades this year. With so much going on I am taking that time and money for other things. We will keep all our performances the same through out the community.

I hope everyone is ready to get this dance year moving! I know I am! Thank you for your patience and love!

Tindal=)
