

KMC Picture Day Schedule

May 21, 2017

Picture day will be May 21st. We will start releasing costumes the week of May 15th; keep in mind costumes will not be released unless your account is paid in full. If you are unsure of which class your dancer is in, please ask. **BRING ALL OF YOUR COSTUMES.** We try to take group photos in all of them, if time permits. You can take individual pictures in as many, or as few as you want, but you need an envelope for each costume. Dancers should arrive at their scheduled time in the first costume & first hair listed below. This will keep the process moving and hopefully us staying on time. Dancers will look better if they have some makeup on, mascara and light pink lips and natural eye shadow for the little ones. The lights can wash out their features, so we just want to highlight them. Don't forget; **NO PANTIES UNDER TIGHTS!!!!** You want to put tan tights on first, like underwear, the pink tights will go over the tan tights so that the girls are never fully naked.

***Dancers Intermediate 3 & up should be prepared with their own poses for individual pictures. We take 2 poses; a full body and an up close on all individuals. I will make sure that the pose highlights your dancer, style of dance and costume. It helps if the dancer comes in with an idea to keep the flow moving during the overlapping classes and times.
